

THNS 2019 version 6.2

Nom	Prénom	fonction	Organisme	Titre
INSA Lyon on November 4th PM and et 5th fullday - 20 Avenue Albert Einstein, 69100				
LUO	Yanyun	Professor	Institute of Rail Transit, Tongji University	Analysis of the Chinese industries involved with the making of the autonomous vehicle
LIU	Bing	Professor	College of Architecture and Urban Planning, Tongji University	Research on pedestrians' exposure to PM2.5 at street scale: a neighborhood study in Shanghai
TANG	Yuqing	Associate Professor	College of Architecture and Urban Planning, Tongji University	Research on Virtual Reality Simulate of Traffic Flow in Residential Area
HOBALLAH	Mohamad	Post-Doctoral Researcher	City Lab	Vehicle routing problem for City Logistics systems
SOLO	Christine	Associate professor	LIRIS Laboratory	Smart deliveries
HADJ-HAMOU	Khaled	Professor	DISP Laboratory	Stability measures to re-optimize the inventory routing problem under parameters uncertainties
BACELAR	Alexis	Chargé de projets	CEREMA	Vehicle occupancy sensor fosters carpooling infrastructures (4/11 PM)
PHILIPPE	Hervé	chargé de mission	MINT	The role of public French Public Authorities for experimentations of the use of autonomous vehicles on open roads in a large scale context (4/11 PM)
YGNACE	jean-Luc			Orateur
CHEVEREAU	Laurent	Directeur d'études	CEREMA	Mobility as a Service in France and Europe : benchmark and climate impacts (5/11 PM)
DE TREGLODE	Hervé	ingénieur général des mines		Example of Sino-French technical cooperation (logistics) (5/11 PM)
VEDECOM Versailles on November 6th (10:00 AM) - MobiLAB, 23 bis allée des marronniers, 78000 Versailles				
ARNAUD	Cécile	Deputy Executive Officer	VEDECOM	Welcome and coordination

APEL-MULLER	Mireille	Director	City on the move- VEDECOM Institute	welcome and coordination
ARNAUD	Cécile	Deputy Executive Officer	VEDECOM	Autonomous shuttle ride + tour of the MobiLAB facilities
RABATEL	Stéphane	CEO	VEDECOM Tech	
JANIN	Jean-François	Chairman	URBA 2000	introduction
HAIXIAO	Pan	professor	Tongji University	
WATTEAU	Philippe	CEO	VEDECOM	VEDECOM : laboratory of the vehicle of the future
NGUYEN-LUONG	Dany	Director of the Mobility Transport Dept	Institut Paris Région	Car sharing in Paris Region : efficiency of financial incentives
Versailles on November 6th 12:00-14:00 Lunch				
VEDECOM Versailles on November 6th 10:00 - Seminar from 14:00 to 17:00				
HAIXIAO	Pan	professor	Tongji University	Smart transport : policy and practice in China
BRESSON	Guillaume	Researcher and Director of the Driving Delegation & Connectivity program	VEDECOM	The autonomous vehicle: what are we talking about? (title tbc)
DESPORTES	Marc	Engineer	MTES	The view from the autonomous vehicle
ZHAO	Shengchuan	, Professor and Dean of School of Transportation and Logistics	Dalian University of Technology	Urban Rail Transit PPPs: Lessons from China
ORFEUIL	Jean-Pierre	Economist, Emeritus Professor	Université Paris-Est	Tech for tech or tech for good ? Disrupting, for whom and why?
PARENT	Michel	Chairman	AUTOKAB	Last mile mobilities: state of the art and new developments
LUO	Yanyun	Professor	Institute of Rail Transit, Tongji University	Analysis of the Chinese industries involved with the making of the autonomous vehicle
VAN KEMMEL	Dominique	Consultant		Auditor
ROSTAGNAT	Michel	Permanent member	CGEDD	Auditor
Leaving Vedecom at 17:00 to visit the left bank of the Seine river and T3 tramway line				

Urba 2000 on 7th November 9:30 AM - 20 rue de Boulainvilliers 75016 Paris				
JANIN	Jean-François	Chairman	URBA 2000	Education, the key of success for the Ecological, energetical and digital transition
PAN	Haixiao	professor	Tongji University	Smart transport : policy and practice in China
LEURENT	Fabien	ENPC professor	ENPC	Passenger and vehicle network traffic modeling on the metropolitan public transport
XIE SUN LI YIN	Xiaoyan Danyan Sheng Biao		ENPC	Artificial intelligence transportation demand analysis; Technical and economic model of motor vehicle flow in France: Prospect of management strategy
SEGARRA	Gérard	Consultant	VICI	PAC V2X (Perception Augmentée par Coopération V2X) until 11:00
LIU	Kaisheng	Chairman	AFCDUD	Adapting to the sustainable mobility development : the trend and the training

Paris on 7th November 12:00 to 14:00 Lunch

MALLEJACQ	Patrick	General Secretary	PIARC World road association	Role and action of PIARC, in particular for deployment on ITS, possible cooperation after the Abu Dhabi World Congress 2019
LI	LIGUO	Chairman	IFADUR	Sustainable architecture
MELOT	Thierry	Architect	IFADUR	
JESTIN DELAHAIE BIDAUD PAUL BREGEON	Robert Brigitte Christophe Stéphane Jacques		ECOORIGIN Transports Orain Redon Agglomération H2X CICE	Video conference - decarboned and shared vehicle

Valenciennes University on 8th November 9:00 - 13:00

President A. Artiba and/or Pr Grondel VP International Relations	Opening
CUI Xu, Professor, Vice Dean, School of Architecture and Design, Southwest Jiaotong University	Spatial rebalancing from TOD perspective — research based on dual effect of “Passenger Flow-Land Use” taking Chengdu China as an example
SHAO Jianwang, Assistant Professor, School of Automotive Studies, Tongji University	Electric vehicle interior noise control and lightweight design of sound package

WANG Lin, Lecturer, School of Transportation and Logistics, Southwest Jiaotong University	Sensitivity analysis on passenger carrying capacity of Chinese high-speed railway station – a ‘platform-as-waiting-area’ perspective
10:30 – 11:30 1h on "Intelligent rail transit" by French colleagues	
Professor Atika Rivenq and Professor Iyad Dayoub (IEMN-DOAE UMR CNRS 8520)	Challenges in Railway communications
Professor Jean-Christophe Popieul and Professor Chouki Sentouh (LAMIH UMR CNRS 8201)	Driver/vehicle cooperation and shared control for Automated Vehicles
Professor Smail Niar (LAMIH UMR CNRS 8201)	IA-Based Embedded Systems for Efficient Autonomous Vehicles
Visit of de IMTD and/or C3T
